Letter of Recommendation: Hampton Painting

It is with pleasure and complete satisfaction that I write this letter about your company. Your men did a great job so quickly and efficiently.

The workers were very pleasant and arrived each day on the agreed time, working diligently each day. They were very courteous and friendly.

I have received many compliments on my building with the quality of work done and I totally agree, Hampton Painting has done an excellent job.

I also appreciate the clean up that was performed not only at the end of the job but at the end of each workday.

I will continue to recommend your services.

Sincerely,

Patricia Staebler
