## "REMEMBER -- SECURITY IS THE KEY!"

Owned and operated by a retired police officer, **South County Security Services, Inc.**, has been serving the Bay Area since 1966 with the kind of security and investigative options that can only come from a professionally trained officer of the law.

From our professional, uniformed patrol and guard service to our in-depth private and background investigations to our security consultations, you can always expect the best from us no matter what you need.

To give you the best, most convenient security options, we offer 24-hour service, state-of-the-art equipment, with always competitive pricing. After hours, incoming calls are forwarded to field supervisors in company vehicles for immediate response and backup between vehicles on patrol. Our computerized patrol aids in the efficiency of our operations. Our well-trained and screened personnel ensure first-rate service for a wide range of business types and needs, including lobby reception, construction sites, plant security, apartment complexes and shopping centers.

We are covered by a broad range of insurances to protect clients in connection with our operations. A client list is available upon request. [Contact us today to learn more.](#)
