

Testimonials

"I can't believe how much more comfortable my electrolysis treatments are now that Arlene has a new computerized machine. She has cleaned up my chin, but now I am even thinking of getting my upper lip worked on. I was thrilled with the results that I got on my chin!"

Jean

- **"Why did I wait so long to get rid of this hair, I should have done it years ago!"**

Teresa

- **"I barely look at my face for hair anymore. I trust you, Arlene, to clean me up at my next appointment. I save so much time in the morning now that I don't have to tweeze, wax, or shave my face. Since the hair is gone, I don't break out anymore. The acne was so bad before when I had all that course thick hair on my chin. Now, my skin is so much clearer!"**

Megan

- **"Arlene helped to clean my face completely free of hair after I had several laser treatments which didn't seem to get rid of the remaining hairs. I still had hair which was lighter but not completely gone. Arlene helped me to clean my face completely with her electrolysis."**

Cheryl

- **"I started going to Arlene last Fall, and am now bringing my teenage daughter because of her upper lip hair that she waxed every 2 weeks. She wants to do her eyebrows after she gets her upper lip under control. I have recommended Arlene to my mom and best friends and they all plan to visit her this Spring. I am so thrilled that I saw Arlene's coupon in the Seacoast Savings Magazine last September."**

Suzanne
