

"What a sensational program! My son brought his SAT scores up 140 points and went from very poor grades to As and Bs. Education Plus helped him immensely to focus on goals and the big picture." – Jamie Lieberman

"It does not seem possible that three years ago Jeffrey seemed to have lost his way. My husband and I both feel that hiring you as his math tutor was instrumental in turning him around. After 35 years of teaching myself, it is not hard to recognize a teacher that connects with and inspires his students. You did that for Jeff and changed his life forever."

– Florence Waring

*Where Experienced Tutors, Flexible
Hours and Individualized Attention Add
Up to Your Student's Success*

"Holy Ghost surveyed its students. They took 10 different SAT prep courses in the area, and Education Plus overwhelmingly had the best reviews."

– Ted Grabowski, Holy Ghost Prep Guidance

"You gave me the confidence to continue working hard to achieve success. I have exceeded my expectations on the critical reading section, and I was so excited to see my overall results. Never would I have thought that I would look forward to an SAT prep course, but my Tuesday sessions turned into something I grew to enjoy."

– Brett Udis

"We cannot thank you enough for all the support and guidance you gave Ami. She gained enormous confidence through the one-to-one tutoring, and she vastly improved her study skills. Her reading speed increased, her ability to conceptualize and solve math problems improved dramatically and her test-taking ability went from mediocre to spectacular."

– Jay Bagia and Chris Grant

Education Plus: Meeting the Needs of Today's Students

It's not easy being a student today – expectations are high and competition for college acceptance is fierce. When a child encounters a stumbling block to learning, these challenges become even more daunting.

Education Plus understands this and is ready to help. While there are many academic preparation and tutoring services available today, none of them have our unbeatable combination of experienced tutors, flexible hours and individualized attention. Together, these qualities add up to your student's success, whether the challenge is with a particular subject area, study skills or test preparation.

Experienced Tutors Provide Network of Support for Students, Families

The best tutors are those who understand the demands placed on today's students, and that's why Education Plus employs active and retired instructors, as well as professionals who are experts in their fields. Our tutors realize that each student learns differently and can target his or her needs without a rigorous testing process. They also value communication – working with students, parents and school personnel to ensure that children have a network of support to help them reach their learning goals.

Flexibility Makes It Easy to Arrange Tutoring Sessions

From baseball practice and dance lessons to homework and family obligations, today's youngsters are extremely busy. Recognizing this, Education Plus strives to be as flexible as possible. Our tutors are available to meet with students seven days a week, year-round, at times that work best for the family. Tutoring locations can also be flexible and suited to the student's needs.

Individualized Attention Means Your Student's Needs Are Addressed

Instead of testing, we evaluate students' needs through interviews and based on this information, we strive to match each individual with the most appropriate tutor. Tutors will then work one-on-one with their students to determine which learning styles will be most effective, to establish educational goals, and to develop a strategy to achieve those goals.

Variety of Services Available for Students, Families

- **Subject Area Tutoring:** Education Plus offers tutorial services for all major subjects from pre-school to college-level, including math (algebra, geometry, trigonometry, calculus), foreign languages (Spanish, French, Latin, Italian, Hebrew), science (general, biology, chemistry, physics), english and history.
- **Standardized Test Preparation:** We provide assistance for the high school entrance exams, the PSAT, SAT, SAT Subject Tests, ACT, PRAXIS, GRE and GMAT. Our techniques to enhance self-confidence and to teach test-taking strategies often result in 100- to 250-point increases in student scores.
- **Psycho-educational Evaluation:** Administered by certified school psychologists, this two-day battery will provide families with a greater understanding of their child's IQ, achievement levels, learning preferences/differences and overall self-esteem. Recommendations will be made relative to school and family environments and will include techniques to facilitate learning.
- **Study Skills Improvement:** Support is offered for students who may need to strengthen their organizational strategies, motivation, time management, reading and writing methods, and memory.
- **School Workshops:** Whether it's writing, study skills, or test preparation, Education Plus can conduct valuable workshops in school settings for students of various ages.

Education Plus has Community Roots that Run Deep

Education Plus has served students and families in the Greater Philadelphia area for the last 35 years. Our students attend a variety of educational institutions, including public school districts in Bucks, Montgomery, Delaware and Philadelphia counties, as well as private schools including Germantown Academy, William Penn Charter School, Holy Ghost Prep, Friends Central School, Wyncote Academy, Hill Top Preparatory School, Mount Saint Joseph's Academy and Chestnut Hill Academy.

Education Plus is based in Jenkintown and was founded by Mitch Blatstein. With a master's in applied psychology, a bachelor of business administration in marketing, and private school teaching experience, Mitch brings a wealth of knowledge to Education Plus. His diverse background has given him a thorough understanding of the many approaches students take to learning. Mitch's professional and volunteer experiences both inside and outside the classroom have furthered his commitment to helping people broaden their education.
