

**Marietta, GA** – There are any number of cleaning companies in Georgia who offer detailed cleaning for residential homes, and even some that provide their services to offices and other commercial locations. But there are a stark few cleaning companies who have based their business on providing an affordable, honest, and people-based service to local commercial properties. Cleanstar National provides janitorial services, floor and carpet maintenance, industrial cleaning, and more to local commercial buildings like educational facilities, office buildings, condominiums, and industrial locations. Each location serviced by Cleanstar National is treated with the utmost courtesy, and cleaned with green cleaning products.

Cleanstar National has been a leading provider of commercial cleaning services in the greater Atlanta area for more than twenty years, and their commitments to a detail oriented and professional clean has only improved with the years. As an industry leader with more than 150 dedicated employees, Cleanstar is able to provide janitorial and commercial cleaning services to over 130 locations throughout Atlanta and Tampa, Florida, along with their unmatched level of customer service. Some of the company's most popular cleaning options include janitorial services, floor and carpet maintenance, marble floor polishing, VCT floor polishing, industrial cleaning, and nightly cleaning. Cleanstar National operates on an employee leasing program which allows them to offer each client the maximum in flexibility and 24/7 access to their supervisors. This is just one small attention to detail that bolsters the company's top customer service rating.

One thing that sets the team of Cleanstar National apart from their competition is their people-based way of business. CEO and founder, Jacob Amedee, began his cleaning company in 1995, on the ideas of honesty, community, and quality service. A wholesome man, Amedee is often found spending time with friends and family, or helping out within the community. Jacob Amedee supports a number of non-profit community programs, including Americans United with Israel. This particular organization is deeply committed to the success and prosperity of Israel, and educates, inspires and promotes building strong connections with the people, country and land of Israel. Amedee's company, Cleanstar National, takes a page from the book of their CEO for every job, paying close attention to the people they serve as well as the quality of their work.

"Because we clean a variety of locations, each with different needs, it's important that our workforce is properly equipped and trained," explains Jacob Amedee, CEO and founder of Cleanstar National. "Both our cleaning and customer services begin with the employees. Each member of our team is screened prior to employment, and is then insured, bonded, and E-Verified. All of our employees are customer service oriented and professional, and knowledgeable about all of our techniques, services, and green cleaning products to ensure that they can provide each of our clients with a quality clean."

Cleanstar National is a professional commercial cleaning company dedicated to providing Atlanta locations with wholesome cleaning solutions that are safe and effective. Company CEO Jacob Amedee leads his company by example, and is often found volunteering in the local community. One of the more prominent community programs that he is involved with is Americans United with Israel, which is dedicated to the success and prosperity of Israel. Cleanstar National Inc provides commercial cleaning services to medical facilities, educational facilities, office buildings, condos, and construction sites.

**September 14, 2012-** Cleanstar National Inc Receives 2012 Best of Acworth Award

**ACWORTH GA September 14, 2012** — Cleanstar National Inc has been selected for the 2012 Best of Acworth Award in the Building & Office Cleaning Services category by the Acworth Award Program.

Each year, the Acworth Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Acworth area a great place to live, work and play.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2012 Acworth Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Acworth Award Program and data provided by third parties.

#### About Acworth Award Program

The Acworth Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Acworth area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

The Acworth Award Program was established to recognize the best of local businesses in our community. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. Our mission is to recognize the small business community's contributions to the U.S. economy.
