

I am making this recommendation of Buffington Property Management, due to their excellence in caring management of client's properties.

I moved my properties to Buffington, and tenants existed in my properties. One particular property had tenant issues that would age anybody earlier than should happen. I am a dog owner, and thought I was helping them attain difficult rental due to their owning of a dog. Only later, did I find they were combative and knowledgeable of how to "game the system"..... Please read on:

It makes me very ill - what these ex-tenants pulled on me. Luckily, they moved out on their own volition, voluntarily - but did so without proper notice, on the 10th of the month. They also left behind damages many times over, the Security Deposit they had originally produced.

I'm just so very thankful, that I found Buffington Property Management, and specifically you Robert - and the whole crew at Buffington Property Management. It shows through all of you - through your diligence - that you truly care about the properties you represent.

Shedding a few tears, thinking about this... and in gratitude, to all of you.

Those ex-tenants, really, put me through the wringer. Thank God, their gone, and that with Buffington Properties - I can put that issue to rest.

You really don't know how grateful I am, of all of you. Thank you, for being who you are - caring people, who's excellence at what you do, shows through in your caring, professional demeanor.

Should any prospective landlord want my personal contact information, I am most happy to have Buffington Properties supply it to you.

With the Best of regard,  
A caring Buffington Property Management Landlord
