

Glass and Surface Cleaner

G/S-2000

CONCENTRATED FOR DISPENSERS

G/S-2000: A LIGHT DUTY GLASS AND HARD SURFACE CLEANER THAT REMOVES LIGHT SOILS FROM ANY HARD SURFACES.

NOT A SANITIZER!

G/S-2000 HAS A POWERFUL CLEANING ACTION ON GLASS AND OTHER HARD SURFACES SUCH AS COUNTER TOPS AND STAINLESS.

G/S-2000 has a very light pleasant odor. G/S-2000 does not contain ammonia nor any other harsh chemicals.

DIRECTIONS: DILUTION IS 21:1, WATER TO CONCENTRATE USING KNIGHT DISPENSER (GRAY VENTURI, 1 GPM TUBE).

Adjust mixture according to actual needs if necessary. Use Soft Water if Possible. Fill Spray Bottle from Dispenser.

GLASS, MIRRORS: Spray lightly, wipe as usual. Use lightest spray possible, wipe clean with clean lint-free cloth or paper towels.

HARD SURFACES: Spray to remove soil. Wipe with cloth or towel. Stubborn stains may need second application. Use BOC-95 MPC (multi-purpose cleaner) for heavier stains.

Product is safe on any hard surface including glass, mirrors, wall tile, porcelain, hoods, rubber mats, and stainless steel. G/S-2000 may be used on any surface not harmed by water. It may be used on upholstery after testing on a small section to insure that there is no color bleed.

WARRANTY IS LIMITED TO REPLACEMENT OF DEFECTIVE PRODUCT.

KEEP AWAY FROM CHILDREN.

MAY BE HARMFUL IF SWALLOWED.
