For in office hemorrhoid treatments, you may return to your normal activities immediately following the procedure in most cases.

For in office procedures NO preparation is generally required; we usually advise AGAINST using an enema prior to procedures (however it is recommended to stop any anti inflammatories and/or blood thinners 8 days prior to visit after cleared by prescribing provider)

Dr. Cutler and Nurse Practitioner Grisso have specialized together in the treatments of rectal disorders since 1995 and perform over 1,000 infrared coagulation (IRC) procedures annually.

In the South Florida area since 1989 specializing in:

- Effective Office Treatment of Hemorrhoids
- Infrared coagulation (IRC)
- Rubber band ligation
- Treatment of Fissures
- Cancer Prevention

We accept many insurances and will assist you in reviewing your benefits. [see our links page](#)
