To Whom It May Concern:

The Source Janitorial Services, Inc. has been doing business with JTS Realty Services, LLC. for over twelve years at numerous of our commercial properties. The total square footage that they clean is approximately 383,994 square feet.

I highly recommend them as an excellent janitorial company. I have known the owners, Joe and Paola Fino, for approximately 17 years as they worked for JTS under another janitorial company. They are both superior workers and have an excellent crew working for them. All of their workers take an exceptional pride in doing a great job, which is obvious when I come in to work each morning and I have no complaints.

Choosing, The Source, as your janitorial company, would be a step in the right direction.

Sincerely,

JTS Realty Services, LLC

To Whom It May Concern:

The Source Janitorial Services, Inc. has been providing janitorial services to Campus Federal Credit Union for more than 3 years. They began servicing our Sherwood Forest location in 2010. The service they provided at that location was so exemplary that we asked them to begin servicing all of our Baton Rouge locations in 2011.

We view The Source Janitorial not just as a vendor, but as a partner. Everyone throughout our organization has been impressed with the quality of service that they provide. Anytime that there are any issues or special requests, Joe and his staff address them immediately and in a very professional manner.

We constantly receive "lowball" bids for janitorial services from many different companies, but our experience has been that you usually get what you pay for. The Source Janitorial provides outstanding service at a reasonable price and I would wholeheartedly recommend them to anyone looking for a quality janitorial service provider.
