

People Make Our Workplaces Work.

If you're concerned about a healthier, safer, and more productive workplace, you've come to the right place. Only KIMBERLY-CLARK PROFESSIONAL* offers you the breadth of options and level of trust created by our quality brands and products. They're "household names" known by millions all over the world, and there are good reasons why. The quality products you'll see here not only satisfy your users, they help you create a healthier away-from-home environment for you and your employees. Why this focus on workplace health? Because we are in the people business, and people are the most important asset.

Exceptional Workplaces*

The background of the entire page is a blue-tinted photograph. It features several large rolls of paper, likely toilet paper or paper towels, and a portion of a white paper dispenser with a circular opening. The lighting creates soft shadows and highlights the texture of the paper.

GREEN TIP

We've all heard about the environmental concern about "old-growth forests" but did you know that most paper, cardboard and products made from these are from trees that were grown as a renewable resource? Forest products—other than those from unique environments like old-growth forests—can be re-seeded, re-grown, re-harvested and recycled. This often makes products made of paper or cardboard a greener choice than plastics and foam. Of course, the best solution is always to reduce and reuse when possible, but using renewable resources can help too.
