

Expanding Bottom Anchor

National Foundry has taken the 8-Way Expanding type anchor and adapted it to our cathodic rod. Converting includes installing a rod guide, recoating the entire anchor bottom and utilizing an insulating washer, ensuring better cathodic protection.

Soil Types

Bottom Size & Catalog No.	Rod Size	Area Surface Dimensions	Shipping Weight	3	4	5	6	7
				500-600	300-500	300-400	200-300	100-200
