

Filament Tape

Intertape Filament Tape

IPG RG300 & 788 – Utility Grade

- Replaces twine and glue for light-duty applications.
- Great scuff and abrasion resistance makes this tape widely used in the food packaging industry for carton sealing and palletizing.

IPG RG303 & RG3 – General Grade

- An economical alternative to poly or steel strapping.
- This multi-purpose tape is considered the industry workhorse.
- Adhesive quickly grabs corrugated surfaces.

IPG RG315, RG15 & RG12 – Medium Grade

- Ideal for palletizing, unitizing and bundling heavier products.
- Great for retail applications due to its elegant appearance.

IPG RG316 & RG16 – Premium Grade

- Very high tensile strength; ideal for heavy-duty industrial applications.
