COMMERCIAL FIRE ALARMS

Are you relying on plain old telephone service (POTS) lines for your commercial fire alarm system's method of communicating with our central monitoring station? There is now a better, more reliable and more cost-effective solution available. Current NFPA standards state that if a traditional telephone line is used as a primary means of communication, the secondary path must be an alternate method. You can elect to use the Telguard cellular communicator as backup to the POTS line, or consider eliminating the costly landline altogether. Use the cellular communicator as the sole path of communication. Telguard's cellular communicators are designed to work with existing fire alarm panels. There is no need to replace the entire system to cost effectively complete an upgrade of your system's communication method.

REASONS TO USE TELGUARD'S TG-7FS PROTECTION

1. Traditional landlines are significantly more costly than cellular communication.
2. Traditional landlines are becoming less and less reliable.
3. Telguard's communicator is made in the USA.
4. AHJ's and Fire Marshals across the country approve the TG-7FS communicator.
5. California Safety Company, Inc. will be happy to give you a no cost estimate for a cellular communicator for your fire alarm system. When compared with what you are paying now for two landlines, you may find you can actually save money, and get more reliable service, with an upgrade. Call us today (530) 243-2521.

CALL LISTS, CODES, PASSWORDS

If you haven't updated your call list or code list lately, it is a good time to do so. Employees come and go, neighbors move away. Call our office, provide your password and we will send you a form to update.

If you have Total Connect or program new codes yourself, make sure to inform us of your additions and deletions. We still need updated information for dispatch.

REFERRALS

Would you like a \$25.00 credit applied to your account?

Refer friends and neighbors. If we start monitoring their alarm, or install a new alarm system for them, you get a \$25.00 credit applied to your account.
