# 8 - 10kW1

## Automatic Home Generator Systems

## **Smaller and Smarter**

Give your family the peace of mind that comes with knowing that if the power goes out, your lights will still be on.

Our 8kW¹-10kW¹ has the smallest standby generator footprint of its class. Its compact design, convenient placement options and comprehensive warranty make it the best choice for homeowners with small to medium properties.

The 8kW¹ Home Generator System by GE keeps the essentials powered in your home. The lights stay on. The refrigerator keeps things cold. The furnace keeps you toasty warm on a cold winter's night. The 10kW¹ standby generator provides enough power for more than just the essentials by managing up to 8 high-wattage appliances with Symphony® II Power Management.

Enjoy peace of mind from GE Generator Systems. The smart choice.

To learn more, visit www.GEgenerators.com

Backed by 130 years of providing the latest technology, GE is committed to providing peace of mind to our customers. GE is one of the fastest growing home generator system brands in the country and provides a managed whole house solution to back up power. You already trust our brand for your appliances, now you can count on us to keep them running during an outage.

We offer a 4 or 5 -year (model dependent) parts and labor limited warranty<sup>2</sup>, so you can be assured of our commitment to quality.

## **Providing Peace of Mind**

#### **Automatic**

The system continuously monitors your home's connection to utility power. The generator starts automatically when there is an outage and shuts off automatically when utility power is restored.

#### **Premium Engine**

Newly designed for standby applications, Briggs & Stratton engines deliver improved reliability, performance and durability to meet your power demands during a power outage.

### **Designed Around Your Life**

Smallest Standby Generator
Featuring a new space-saving design, the compact 8kW¹ - 10kW¹ has the smallest standby generator footprint of its class. Its unobtrusive design makes it a perfect fit for homeowners with smaller properties.

#### **Convenient Placement Options**

Our  $8kW^1$  -  $10kW^1$  standby generators can be placed as close as 18" from the home in accordance with National Fire Protection Agency testing standard<sup>3</sup>. Our  $8kW^1$ - $10kW^1$  standby generator is the best choice for homeowners with tight lot lines.

### **Easy Monitoring**

Each generator system comes with a wireless monitor for inside your home, so you know your generator is working without ever having to go outside.

#### **Available Accessories**

Maintenance kit helps you complete scheduled and preventative maintenance on your standby generator. Designed specifically for your generator's needs, each maintenance kit contains oil and air filters, an oil funnel and spark plug(s).

Cold Weather Kit ensures smooth operation in the winter months with the Cold Weather Kit for GE Generator Systems. The thermostatically controlled battery warmer and block heater activate as the temperature drops helping the standby generator operate in colder temperatures.

	040350 (CARB Compliant)	040374 (CARB Compliant)
Fuel Type	Liquid Propane (LP), Natural Gas (NG)	
GE Power Management	Selected Circuits	Symphony® II Power Management
Watts <sup>1</sup> LP/NG	8,000 (LP Gas) 6,000 (NG)	10,000 (LP Gas) 9,000 (NG)
Engine	500cc Briggs & Stratton® OHV Engine	570cc Briggs & Stratton Vanguard™ Engine
Operation	Fully Automatic	Fully Automatic
Voltage	120/240V AC, Single Phase, 1.0pf	
Amps (240V)	33.3 (LP Gas) 25 (NG)	41.7 (LP Gas) 37.5 (NG)
Alternator	Brushed	
Voltage Regulation	Automatic	
Full Pressure Lubrication	Yes	
Fuel Consumption <sup>a</sup> (at ½ Load )	37.6 ft³/hr, 1.04 gal/hr (LP Gas) 94 ft³/hr (NG)	42.8 ft $^{3}$ /hr, 1.18 gal/hr (LP Gas) 111 ft $^{3}$ /hr (NG)
Fuel Consumption <sup>a</sup> (at Full Load )	56.4 ft³/hr, 1.57 gal/hr (LP Gas) 121 ft³/hr (NG)	65.6 ft³/hr, 1.82 gal/hr (LP Gas) 169 ft³/hr (NG)
Weekly Exerciser	Yes	
Enclosure Technology	Galvanneal steel with corrosion resistant paint	
Hour Meter	Yes	
Overcrank Protection	Yes	
Dimensions (L×W×H)	28" × 24.4" × 33.5"	
Weight (Generator Only)	252 lbs.	272 lbs.
Warranty <sup>2</sup>	4 Year Limited Warranty <sup>2</sup>	5 Year Limited Warranty <sup>2</sup>
Transfer Switch Options	50 Amp, 10 circuit automatic transfer switch	100 Amp Automatic Transfer Switch with Symphony® II Power Management
		100 Amp, 16 Circuit Automatic Transfer Switch
		200 Amp Automatic Transfer Switch with Symphony® II Power Management
Basic Wireless Monitor	Yes	
Included Extras	Each system includes an hour meter, battery charaer and synthetic oil.	

Not for Prime Power or use where standby systems are legally required, for serious life safety or health hazards, or where lack of power hampers rescue of fire-fighting operations.

<sup>1</sup> This generator is rated in accordance with UL (Underwriters Laboratories) 2200 (stationary engine generator assemblies) and CSA (Canadian Standards Association) standard C22.2 No. 100-04 (motors and generators)

 $<sup>^{6}</sup>$ Fuel consumption rates are estimated based on normal operating conditions at  $\frac{1}{2}$  load. Generator operation may be greatly affected by elevation and the cycling operation of multiple electrical appliances – fuel flow rates may vary depending on these factors.

battery charger and synthetic oil.

<sup>&</sup>lt;sup>2</sup> Warranty details available at www.GEgenerators.com

<sup>&</sup>lt;sup>3</sup> Installations must strictly comply with all applicable codes, industry standards, laws, regulations and provided installation manual. Running engines give off carbon monoxide, an odorless, colorless, poisonous gas so it is important to keep exhaust gas away from any windows, doors, ventilation intakes or crawl spaces. The installation manual contains specific instructions related to generator placement in addition to NFPA 37, including the requirement that carbon monoxide detectors be installed and maintained in your home
