"WE KNOW YOU WANT YOUR BUSINESS TO THRIVE. THAT'S WHY NEIT HAS BEEN FOCUSED ON SERVING NEW ENGLAND SINCE 1952 —HELPING COMPANIES LIKE YOURS, GROW"

In 1952, New England Industrial Truck (NEIT) was founded on the principles of customer satisfaction. As it evolved, bringing the latest material handling innovations to its customers in Woburn, MA and Wallingford, CT, NEIT remained what today is New England's established name in forklift sales, rentals, service, parts, and driver training.

A UniCarriers-owned dealership, NEIT is equipped to fully support your business towards success with the strength, resources, and expertise of its parent company.

Quality products facilitated by committed people, makes NEIT the best contributor to the growth of companies like yours.

COMPANY

NEW & USED EQUIPMENT
 Before we even present you with the variety of material handling equipment for your operations, our team of experts take the time to learn about your company, needs, applications, budgets, and most importantly, productivity goals. We take all of these into account and give you the most suitable options that will yield your business success—after all our purpose goes beyond sales, we aim to ensure your uptime.

SERVICE
 At the heart of our business is service. Keeping your forklifts running long after you've purchased them from us. This is how NEIT has remained a trusted partner of many companies in New England. We make sure your equipment keeps going with our maintenance programs so you avoid downtime.

PARTS
 With our parts availability of over 5,000 line items worth \$1.5M, you're sure to get access to components your forklift needs. Same day shipping available when order is placed by 4:00 PM.

RENTAL
 Over 200 assets in our rental fleet ready to be delivered and respond to your immediate rental needs, keeping your business advancing.

TRAINING
 We care about not just your productivity, but your safety as well. Reduce injury and equipment damage with forklift training and certification courses. Offered in both our Woburn, MA and Wallingford, CT locations.
