Why choose Murfreesboro for your business? Murfreesboro is a charming, rapidly growing city and I wanted to be a part of it. In just three years, I've watched the area around our office fill up with beautiful shopping (the newly renovated Stones River Mall and the gorgeous Avenue), delicious restaurants and specialty shops.

Why did you choose this field and what about it appealed to you? It perfectly matches my personality, so it was an easy fit. It requires meticulous attention to detail in a clean, orderly environment. Each new smile presents a new challenge, so it's something that changes all day, every day. I moved all over the South as a child, so I embrace change, and that works well in this field. It also allows you to sit back and really enjoy one-on-one conversations with some of the most genuine and endearing patients. The fact that people trust you enough to allow you to be a small part of their world is one of the most gratifying parts of this job.

How do you manage career and family? Easily, because we have such an awesome team at work and at home. Our staff goes out of their way to help each other and our patients. My sweet husband helps me with our baby son, so I'm able to come home, cook dinner and enjoy some quality family time before we all call it a night. It takes respect and teamwork for any successful operation and that's what we're blessed to have.

What do you enjoy most about your field? As I said before, I enjoy every aspect of this job, from the fact that it allows me to be obsessively compulsive about detail and cleanliness to the fact that I feel involved in our patients' lives and feel like we truly make a difference.
