

Griffith Animal Hospital carries many products for the recovery and continuing health of your pet. We have an on-site pharmacy to expedite your pet's treatment and recovery. Our pharmacy is stocked with medications from proven companies such as Bayer and Pfizer. We offer Hill's and Royal Canin brand Prescription diets for pets with dietary restrictions due to allergies, diabetes, urinary issues, etc. We carry prescription shampoos for the treatment of various skin conditions. Griffith Animal Hospital also offers a variety of flea, tick, and heartworm preventions. Our staff will be glad to help you decide which product will best suit you and your pet's lifestyle.

If you have any questions regarding any of our products, please give us a call today.
